EXECUTIVE LEADERSHIP & BOARD GOVERNANCE ONLINE ASSESSMENT SURVEY

The best way to ensure your organization is successfully serving your mission is to complete our Executive Leadership & Board Governance Online Assessment Survey. This online survey will identify how well your Executive Leadership team and Board members work together as true partners in both sustaining your mission and achieving your strategic vision.

Our report includes a comprehensive review and recommendations on the following topics:

- ***Mission, Vision, Values and Culture***
- ***Strategic Goals***
- ***Board and CEO Partnership***
- ***Executive Leadership***
- ***Board Governance***
- ***Impactful Programs and Services***
- ***Positive Brand Identity***
- ***Philanthropy***

What distinguishes our DCM Executive Leadership & Board Governance Assessment Survey from all others in the marketplace is the following:

- We combine both the Executive Leadership and Board Governance Assessment Survey into one to encourage the need for collaboration between the CEO, the executive leadership team, and the Board of Trustees. Most board assessment surveys only evaluate the Board. To serve your organization's mission most effectively, the Board and the Executive Leadership team need to work together as partners.
- We provide specific written recommendations in our final report to help you identify ways to address areas needed for improvement.
- We schedule a virtual conference call with your Board Chair and CEO to discuss the reports findings and answer any questions.

Cost: \$975

CHIEF EXECUTIVE OFFICER ANNUAL PERFORMANCE EVALUATION

The goal of the annual Chief Executive Officer performance review is to recognize how well the executive is performing in their job and to identify any needed improvements. This review should clearly be based upon the agreed organization's goals and performance expectations set by the Board for the CEO to the actual achievements of the organization and the CEO.

The annual CEO evaluation process is also a great time for the chief executive to first conduct a self-evaluation to document what they feel have been their key achievements and successes of the past year. The CEO Annual Performance Review Product includes the CEO Self-Evaluation survey form too.

The DCM Chief Executive Officer Performance Evaluation includes the following topics for assessing the annual review of the CEO:

- ***Overall Organizational Performance***
- ***Strategic Leadership***
- ***Board Relations***
- ***Community Relationships***
- ***Positive Brand Identity***
- ***Fiscal Stewardship***
- ***Culture of Philanthropy***

Cost: \$975

THE DCM 360 LEADERSHIP DEVELOPMENT SYSTEM

The DCM 360 Leadership Development System is a non-threatening way to identify performance perceptions as viewed by certain groups of individuals who know and have had the opportunity to observe the leader in the work setting. Feedback to the leader is given openly and honestly. This is accomplished by rating the performance of 62 Leadership Behaviors presented as survey items. The responses are compiled from different observers such as: Self, Boss, Direct Reports, and Peers

By participating in this process, the individual has conveyed to their team members that they are willing to consider their input and apply that information to become a more effective leader. Listening and acting upon the input of their coworkers is a vital characteristic of a high-performing leader. This system is meant to encourage forward-thinking leadership while providing information for a clear, actionable plan for improvement.

The purchase of our DCM 360 Leadership Development System includes a personalized debrief and the formulation of a personalized leadership development plan for each member of your team.

The Leadership Behaviors are used to measure 17 Skills that yield success in most leadership and management positions. These Skill Sets are grouped into 7 Leadership Competencies for an overall measurement of performance. Managers that generally score higher on these competencies are typically identified as more effective and successful leaders.

The Seven Leadership Competencies:

- ***Communications***
- ***Teamwork***
- ***Engagement***
- ***Resourcefulness***
- ***Decisiveness***
- ***Leadership***
- ***Achievement***

The insights gained from the 360 Leadership Development System is to promote professional competencies, career growth and enable the leader to become more effective, efficient, and valuable to the organization.

Cost: \$350 per leader but discounts are available when ordering for multiple members of your leadership team.
